

A vertical rectangular diagram illustrating print layout guidelines. It features three horizontal lines: a purple line at the top, a cyan line in the middle, and a purple line at the bottom. Three blue arrows point from the left towards these lines. The top arrow points to the purple line, the middle arrow points to the cyan line, and the bottom arrow points to the purple line.

BLEED MARGIN

Elements that go to the edge should extend to the bleed line.

SAFE AREA

All important elements like text should stay within the safe area.

TRIM LINE

Where the piece is cut to size.

CMYK color and 300 DPI resolution recommended.

Turn off or delete the guides layer before submitting.

Export your document as a PDF with images and fonts embedded.

You can also use our PDF presets file under the templates tab on our website to easily create a print ready PDF.

Prinveo is not responsible for guides layer left in customers document.
